

NOTICE

Introduction of Science Stream in Class 11 from Session 2026-27

Dear Parents/Guardians,

We are pleased to announce that our school will introduce the Science Stream for Class 11 starting from the academic session 2026-27.

This addition aligns with our commitment to providing diverse and comprehensive educational opportunities under CBSE guidelines, enabling students to pursue careers in medicine, engineering, research, and related fields.

Key Details:

Streams Offered: Science (PCM/PCB combinations), alongside existing Commerce and Humanities streams.

Eligibility: Open to all Class 10 students meeting CBSE promotion criteria.

Admission Process: Registration for Class 11 will commence in March 2026, based on Class 10 Pre- Boards and Boards Results.

Detailed guidelines can be followed from School office.

Facilities: State-of-the-art laboratories, experienced faculty, and specialized support will be available.

Parents are encouraged to guide their wards accordingly and contact the school office for any queries. We look forward to your support in this exciting development.

Best wishes

Principal
